**GitHub:** https://github.com/MostafaEssam2002

---

## Education

**B.Sc. in Computer Science, Faculty of Electronic Engineering – Menoufia University, Menouf, Egypt**
**Graduated: 2025 — GPA: 3.2**

---

## Projects:

### Wazifa :

- Developed a comprehensive job board platform **using Laravel, MySQL, Bootstrap, HTML, CSS, and JavaScript.**

- Connected employers with job seekers through core features.

- Implemented job posting management and resume uploads.

- Built advanced search filters and application tracking.

- Added admin approval system for better control.

- Designed user role management for employers, candidates, and administrators.

- Created a responsive mobile-friendly design with an integrated notification system.

### E-commerce Platform :

- Developed a full-featured e-commerce platform using **Laravel, MySQL, HTML5, CSS3, and JavaScript.**

- Implemented multi-role user management system **(Admin, Salesman, Customer)** with role-based permissions.

- Built comprehensive product catalog with multiple image galleries and slider display.

- Created persistent shopping cart system with real-time updates and checkout functionality.

- Added order management system with order history tracking and status updates.

- Designed category-based product organization with advanced browsing features.
- Integrated bilingual support (Arabic/English) with RTL layout for Arabic interface.
- Secured the platform using Laravel authentication system and implemented responsive design.

**Restaurant Website :**

- Developed a full-stack restaurant website using **PHP, MySQL, HTML5, CSS3, and JavaScript and JSON**.
- Built a **dynamic menu system** with category filters (Pizza, Pasta, Steak, Drinks).
- Implemented an **interactive hero section** with an image slider and typing effect.
- Added a **shopping cart feature** with real-time updates.
- Designed a **responsive and modern UI/UX** with smooth animations for mobile and desktop.
- Secured database operations using **PDO with error handling** to ensure performance and reliability.

**Trainee – Full Stack Web Development (PHP Track)**
**Information Technology Institute (ITI), Creativa – Menoufia July 2025**

- Built and deployed web applications using PHP and Laravel.
- Designed and developed responsive front-end interfaces.
- Worked with MySQL databases for data modeling and queries.
- Applied full stack concepts in real-world case studies.
- Training tasks and projects available on [GitHub]
  (https://github.com/MostafaEssam2002/PHP-ITI-summer-traning).

**Skills:**

**Technical Skills:**

- HTML 5
- CSS 3
- JavaScript
- Python
- PHP
- Laravel
- MySQL
- Linux
- OOP (c++,python,php)
- JSON
- OWASP top 10 (2021)
- Problem solving
- Git/GitHub
- C++
- API Development
- Docker

## Language Skills:

- Fluent in Arabic (Native).
- **English:** Good

## Personal data:

**Date of Birth:** 25 April 2002

**Gender:** Male
